

Posters

Poster sessions: Monday 19 March from 15.15-16.15
Tuesday 20 March from 10.30-11.00

Poster category 1: Characteristics of PLHIV who present late for HIV care

PO1/01

Psychosocial dynamics of HIV late presentation - results and recommendations from a qualitative study in Germany.

Phil C Langer¹, Peter Wiessner²

¹ Goethe University Frankfurt, Faculty of Social Sciences, Frankfurt, Germany

² Deutsche AIDS-Hilfe e.V., Cologne, Germany

PO1/02

Reduced proportion of peripheral CD4+ T-cells expressing IL-7 receptor (IL-7R, CD127) as peculiar feature of late presentation of HIV infection

Francesca Bai, P Cicconi, C Tincati, T Bini, G Marchetti, A d'Arminio Monforte

Clinic of Infectious Diseases and Tropical Medicine, S.Paolo Hospital, Milan, Italy

PO1/03

What is hidden under the late enrollment in HIV care: illustrative example of Odessa Region, Ukraine

Oleksandr Postnov¹, T Kiriazova^{2,3}, S Servetskiyy⁴, O Neduzhko^{1,3}

¹I.I.Mechnikov Anti-Plague Research Institute

²"Future without AIDS" Foundation

³Ukrainian Institute on Public Health Policy

⁴Odessa Regional AIDS Centre, Ukraine

PO1/04

High risk groups for late HIV diagnosis in Georgia

Ketevan Gogvadze, I Chikovani, N Rukhadze, G Gotsadze

Curatio International Foundation, Tbilisi, Georgia

PO1/06

Characteristics of PLHIV newly registered in Volga Federal District in 2008-2010

Elena Kuzovatova, N Nosov

Nizhny Novgorod Scientific and Research Institute of Epidemiology & Microbiology after acad.

I.N.Blokhina, Privolzhsky Okrug AIDS Center, Nizhny Novgorod, Russian Federation

PO1/07

Late presenters at the HIV/STI clinic in Antwerp, Belgium

Ludwig Apers, O Koole, L Manirankunda, L Lynen, E Florence

Institute of Tropical Medicine, Department of Clinical Sciences, Antwerp, Belgium

PO1/08

Trends in the characteristics of HIV infected individuals at diagnosis in Portugal - 2000-2011

Filipa Aragao¹, A Alves², L Mendao³, A Ferreira⁴, R Fernandes⁵, S Pinheiro⁶, E Teofilo⁶

¹Escola Nacional de Saúde Pública UNL, Lisbon, Portugal

²Instituto de Marketing Research, Portugal

³GAT Grupo Portugues de Activistas sobre Tratamentos de VIH/SIDA, Portugal

⁴SER+ Associacao Portuguesa para a Prevencao e Desafio a SI, Portugal

⁵Associacao Positivo, Portugal

⁶Hospital St Antonio Capuchos CHLC

⁷Hospital St Antonio Capuchos CHLC

PO1/09

Recent infection and late diagnosis of HIV: a descriptive analysis of opposite ends of the spectrum

Anne Gallois, A Esteve, C. Campbell, A Montoliu, J Csabona, AERI-VIH Study Group, PISCIS Study Group

Institut Català d'Oncologia - CEEISCAT, Barcelona, Spain

Poster category 2: Use and performance of new HIV testing diagnostic technologies

PO2/01

Pilot study to analyze the feasibility of introducing rapid HIV testing in primary health care

Laura Fernández^{1,2}, C Agusti^{1,2}, J Casbona^{1,2}, Rapid testing in Primary Health Care Working Group

¹Centre for Epidemiological Studies on HIV/STI in Catalonia - CEEISCAT - ICO, Badalona, Spain

²CIBERESP, Barcelona, Spain

PO2/02

Prevalence of HIV infection and acceptability of rapid HIV testing in patients attending emergency services

Laura Fernández^{1,2}, C Agust^{1,2}, L Force³, M Daza³, J Casabona^{1,2}

¹Centre for Epidemiological Studies on HIV/STI in Catalonia - CEEISCAT - ICO, Badalona, Spain

²CIBERESP, Barcelona, Spain

³Hospital de Mataró, Spain

PO2/03

Good practices in preventing AIDS—use of rapid HIV test in oral fluid

Maria Meliou, A Kanakari

NGO Praksis, Athens, Greece

PO2/04

HIV rapid testing in a mobile unit in several urban settings in Spain: a strategy reaching a different population?

Juan Hoyos^{1,2}, L de la Fuente^{2,3}, R Sánchez³, S Fernández-Balbuena³, J Gutiérrez⁴, M Ruiz³, J Álvarez⁴, C Figueroa¹, MJ Belza^{1,2}

¹Escuela Nacional de Sanidad, Instituto de Salud Carlos III, Madrid, Spain

²Ciber de Epidemiología y Salud Pública, Barcelona, Spain

³Centro Nacional de Epidemiología, Instituto de Salud Carlos III, Madrid, Spain

⁴Asociación Madrid Positivo, Madrid, Spain

Poster category 3: Implications of stigmatisation, criminalisation of HIV and other legal issues for the offer and uptake of HIV testing and earlier care

PO3/01

A focused response to HIV in Europe: policy recommendations from the Correlation Network II

Koen Block

European AIDS Treatment Group, Brussels, Belgium

PO3/02

No NGO support for HIV-testing campaigns in prisons as long as rights of HIV-positive prisoners are not secured

Peter Wiessner^{1,2}, B Knorr¹, F Bagyinszky²

¹European AIDS Treatment Group, Cologne, Germany

²Deutsche AIDS-Hilfe e.V., Cologne, Germany

PO3/05

Stigmatization and Discrimination of People Living with HIV in Russia

Sergey Smirnov

'Community of People Living with HIV'

Poster category 4: Access to care and treatment for PLHIV

PO4/01

Providing universal access to services for people living with HIV in the Karaganda Region, Kazakhstan

Yelena Bilokon

NGO "My House", Kazakhstan Network of Women HIV, Kazakhstan

PO4/02

Home visits as the way of providing early care and help to people living with HIV (PLHIV)

Lilit Aleksanyan, A Abgaryan, Z Mayilyan

Real World, Real People NGO, Yerevan, Armenia

PO4/03

Overcoming barriers on the way of early HIV care provision for MARPs in Ukraine

Hanna Shevchenko

All-Ukrainian network of PLWH, Kyiv, Ukraine

PO4/04

Cost-effectiveness and cost-utility of earlier initiation of first line treatment for HIV-infected people in Spain

Antonio Antela¹, JM Llibre², JC López Bernaldo de Quirós³, J Portilla⁴, A Gallois⁵, C Campbell⁵, J Peñafiel⁵, A Brogan⁶, S Talbird⁶, L Lindner⁷, A Vieta⁷

¹Hospital Clínico de Santiago, Spain

²Hospital Universitari Germans Trias i Pujol, Fundació Lluita contra la SIDA, Spain

³Hospital Gregorio Marañón de Madrid, Spain

⁴Hospital General de Alicante, Spain

⁵Centre d'Estudis Epidemiològics sobre les Infeccions de Transmissió Sexual i Sida de Catalunya (CEEISCAT), Spain

⁶RTI Health Solutions, UK

⁷IMS Health, Spain

Poster category 5: Scaling up HIV testing within health care settings

PO5/01

HIV/AIDS in Macedonia before 2004 and nowadays - how we made a step forward

Rumena Krastovska, M Stevanovic, Z Ljubicic

Clinic for Infectious Diseases and Febrile Conditions, Skopje, FYR Macedonia

PO5/02

Approaches and results of youth HIV testing program

Iatamze Verulashvili

Women's Center, Tbilisi, Georgia

PO5/03

HIV counselling and testing (HTC) in Estonia: policy implications based on data triangulation

Kristi Rütel¹, I Tomera¹, K Tarien¹, C Pervilhac²

¹National Institute for Health Development, Tallinn, Estonia

²World Health Organization

PO5/04

HIV prevalence among pregnant women that were not tested during pregnancy (St.Petersburg, Russia)

Ekaterina Musatova, D Niauri

St. Petersburg State University Medical Faculty, Department of Obstetrics & Gynecology, St. Petersburg, Russian Federation

PO5/05

Expanded HIV testing and community engagement: a strategic framework for scaling up HIV testing, engaging all sectors and changing the HIV response paradigm

Marsha Martin¹, G Edwards²

¹Get Screened Oakland, Oakland, CA, USA

²Flowers Heritage Foundation, Oakland, CA, USA

PO5/06

HIV testing in Clinical Center of Vojvodina, Serbia

Daniela Maric¹, S Brkic¹, J Nedic², K Kiralj¹, P Djuric³, V Turkulov¹

¹Infectious Diseases Clinic, University of Novi Sad, Republic of Serbia

²Medical School, University of Novi Sad, Republic of Serbia

³Center for Disease Control and Prevention, University of Novi Sad, Republic of Serbia

PO5/07

Determinants of HIV testing in the general population in Portugal

Filipa Aragão¹, PM Ferreira²

¹Escola Nacional de Saúde Pública UNL, Lisbon, Portugal

²Instituto Ciências Sociais da Universidade de Lisboa, Lisbon, Portugal

PO5/08

Early HIV infection: demographic features and risk factors among individuals with early HIV infection in Ireland 2008-2011

Joanne Moran, J Connell, D Burke, W Hall

National Virus Reference Laboratory, University College Dublin, Belfield, Dublin, Ireland

Poster category 6: Results from the evaluation of VCT programmes

PO6/01

Approaches and results from the evaluation of VCT in the Pavlodar region of Kazakhstan

Maiya Terekulova¹, Z Kalmataeva¹, A PaK²

¹ Kazakhstan School of Public Health, Almaty, Kazakhstan

² Kazakhstan union of PLHIV, Almaty, Kazakhstan

PO6/02

The role voluntary counselling and testing in early diagnosis of HIV infection

Predrag Duric, S Ilic, S Rajcevic

Institute of Public Health of Vojvodina, Novi Sad, Republic of Serbia

PO6/03

Evolution in the number of tests performed and in the profile of people tested in VCT network of Catalonia, 1995-2010

Laura Fernández^{1,2}, J Casabona^{1,2}, On behalf of HIV-DEVO Group

¹ Centre for Epidemiological Studies on HIV/STI in Catalonia - CEEISCAT - ICO, Badalona, Spain

² CIBERESP, Barcelona, Spain

PO6/04

HIV Testing and Counseling (HTC) in EECA: entry point for curbing the HIV epidemic

Sergey Votyagov¹, N Tsereteli²

¹ Eurasian Harm Reduction Network (EHRN). Vilnius, Lithuania

² Eurasian Coalition on Male Health (ECOM)

PO6/05

A non-healthcare HIV test clinic improving testing and linkage to care

Peder Ahlin¹, H Granholm¹, L Lindborg²

¹ Noaks Ark, Stockholm, Sweden

² Stockholm South General Hospital, Sweden

PO6/06

Towards full coverage of HIV Counseling and Testing services in Rwanda, 2003 - June 2010

Elise Mutunge, F Ndagije, JP Nyemazi, P Raghunathan, A Ahayo

Ministry of Health, HIV Prevention Department, Kigali, Rwanda

PO6/07

Possibility for improvement for counseling and testing for early diagnoses of HIV infection in Armenia

Vardan Arzakanyan, S Grigoryan, A Papoyan

National AIDS Center, Yerevan, Armenia

PO6/08

Mental health care component in VCT services

Aleksandra Skonieczna¹, Tomasz Malkuszewski¹, J Moskalewicz², M Welbel²

¹ Association Social AIDS Committee - SKA, Warsaw, Poland

² Institute of Psychiatry and Neurology, Poland

PO6/09

Community Expanded Access to Test (CEAT): HIV testing project in Newham

Wendy Hachmoller, J Tucker

NHS Newham, London, UK

Poster category 7: Lessons learned in the implementation of HIV testing strategies for migrants

PO7/01

Copenhagen Central Station as HIV-testing site for migrant populations

Kirsten Madsen, A Dahl, R Chandran, V Borré

Cross-Over, Copenhagen, Denmark

PO7/02

PARC-Project – prevention of AIDS with the resources of communities

Sabine Lex

Aids Hilfe Wien, Department of Prevention, Vienna, Austria

PO7/03

Outreach project for HIV testing in an immigrant community

Liliana Domingos¹, A Duarte¹, Andreia Pinto Ferreira¹, P Silvério Marques¹, F Aragão²

¹SER+ Associação Portuguesa para a Prevenção e Desafio à SIDA, Portugal

²Escola Nacional de Saúde Pública, Portuga

Poster category 8: Lessons learned in the implementation of HIV testing strategies for IDUs

PO8/01

Low testing uptake and their determinants among IDUs in Georgia

Ivdi Chikovani, K Gogvadze, N Rukhadze, G Gotsadze

Curatio International Foundation, Tbilisi, Georgia

PO8/02

Factors influencing HIV testing among injecting drug users in Lithuania

Loreta Stoniene

Institute of Hygiene, Division of Public Health Research & UNODC Project Office for the Baltic States, Vilnius, Estonia

PO8/03

Results of piloting peer driven intervention – did we reach targeted population?

Lile Batselashvili, M Sinjikashvili, M Chelidze, I Kirtadze, N Topuria

Addiction Research Center, Alternative Georgia, Tbilisi, Georgia

PO8/04

Immunochromatographic rapid tests in preventive work with injection drug users

Tetyana Loginova

Kyiv Narcological Hospital 'Sociotherapy', Ukraine

PO8/05

Rapid HIV testing for drug users in low-threshold services

Dirk Schäffer¹, S Michel², W Rensmann³, K Dettmer⁴, A Leicht⁴

¹Deutsche AIDS-Hilfe, Germany

²Fachhochschule Dortmund, Germany

³AIDS Hilfe Dortmund, Germany

⁴Fixpunkt Berlin, Germany

PO8/06

HIV spread among different groups of IDUs and influence of awareness about HIV-status on safety of sexual and injection behaviors

Polina Girchenko, S Dugin

Foundation of Medical and Social Programs 'Humanitarian Action', St Petersburg, Russian Federation

PO8/08

Maximizing reliance on IDUs to prevent HIV in Ukraine

Oleksandra Datsenko¹, P Smyrnov¹, R Broadhead²

¹International HIV/AIDS Alliance-Ukraine, Kyiv, Ukraine

²University of Connecticut, USA

Poster category 9: Lessons learned in the implementation of HIV testing strategies for MSM

PO9/01

Activities directed to early testing and diagnostics of HIV among MSM in the Republic of Armenia

Ruzanna Davtyan, S Stepanyan, R Ohanyan

'Education in the Name of Health' SO, Yerevan, Armenia

PO9/02

Check your status - first results from a MSM Outreach Prevention and VCT Project by Aids Hilfe Vienna

Isabell Eibl, D Bozkurt, H Dopsch

Aids Hilfe Wien, Vienna, Austria

PO9/03

Scaling up HIV and STI testing of gay men and other MSM in Germany by community based testing campaigns

Matthias Kuske¹, P Wiessner¹, J Drewes², J Kuck², D Kleiber²

¹Deutsche AIDS-Hilfe e.V., Berlin, Germany

²Freie Universität Berlin, Department for Public Health, Berlin, Germany

PO9/04

Are gay men routinely testing for HIV? Findings from community surveys in The Netherlands and Australia

John de Wit^{1,2}, P Adam^{2,3}

¹Utrecht University, Department of Social and Organizational Psychology, Utrecht, The Netherlands

²University of New South Wales, Australia

³Institute for Prevention and Social Research, Australia

PO9/05

A participatory research on HIV and men who have sex with men: Uptake of HIV testing and its determinants

Ana Gama¹, L Mendão¹, R Fuertes¹, S Dias²

¹GAT - Grupo Português de Activistas sobre Tratamentos de VIH/Sida Pedro Santos, Portugal

²Instituto de Higiene e Medicina Tropical/Universidade Nova de Lisboa, Portugal

PO9/06

Results of 3 years outreach VCT for HIV/STI in gay venues in Antwerp, Belgium

Tom Platteau, K Wouters, C Nöstlinger, A Ludwig, E Florence

Institute of Tropical Medicine, Department of Clinical Sciences, Antwerp, Belgium

PO9/07

HIV rapid testing in MSM venues (Estonia)

Raul Lindemann¹, I Sobolev¹, Z Shabarova²

¹Estonian Network of People Living with HIV, Tallinn, Estonia

²AIDS Healthcare Foundation, Estonia

PO9/08

Features of HIV testing prevention programs for MSM, implemented in the city of Kiev

Andrii Chernyshev

Public organization 'Gay-Alliance', Kiev, Ukraine

PO9/09

Why are gay men testing late for HIV?

Anders Dahl, MR Eiersted

Hiv-Danmark, Copenhagen, Denmark

PO9/10

Taking an HIV test in Slovenia: the situation for men who have sex with men

Miran Solinc

SKUC, Ljubljana, Slovenia

PO9/11

Increasing HIV positive results in MSM group. Experience from VCT in Warsaw coordinated by Foundation of Social Education

Magdalena Ankiersztejn-Bartczak

Foundation of Social Education, Warsaw, Poland

PO9/12

Expectations and perceptions of European men who have sex with men on voluntary testing and counselling

Frank Michael Amort^{1,2}, K Block¹

¹European Aids Treatment Group, Brussels, Belgium

²PEAC, Centro Nacional de Epidemiología, ISCIII, Madrid, Spain

Poster category 10: Lessons learned in the implementation of HIV testing strategies for sex workers

PO10/01

HIV and commercial sex workers in Portugal: Are there missed opportunities to scaling up HIV testing and linkage to care?

Sónia Dias¹, L Mendão², A Gama², G Cohen², S Trindade², H Barros³

¹Instituto de Higiene e Medicina Tropical/Universidade Nova de Lisboa, Portugal

²GAT – Grupo Português de Activistas sobre Tratamentos de VIH/Sida Pedro Santos, Portugal

³Instituto de Saúde Pública, Faculdade de Medicina da Universidade do Porto, Portugal

PO10/.02

Combining VCT and STI testing and counselling as a factor increasing interest in VCT for high-risk groups

Oksana Savenko, M Varban, S Filippovych, Z Islam

ICF “International HIV/AIDS Alliance in Ukraine”, Kyiv, Ukraine

PO10/03

Barriers for early HIV testing among road and club-based female sex workers in Catalonia

Meritxell Sabido^{1,2}, L Alonso¹, MJ Blanco¹, M Torrens¹, C Alvarez^{1,3}, D Faixó⁴, C Reina⁴, C Agusti^{2,5}, J Casabona^{1,2,5,6}

¹Fundació Sida i Societat, Department of Public Health and Research, Barcelona, Spain

²CIBER de Epidemiología y Salud Pública (CIBERESP), Spain.

³Scholar of the Ministry of Foreign Affairs and Cooperation (Spain) and Fulbright Foreign Student Program

⁴Programa Carretera, Hospital St. Jaume de Calella - Corporació de Salut del Maresme i La Selva, Calella, Spain.

⁵Centre for Epidemiological Studies on HIV/AIDS and STI of Catalonia (CEEISCAT)/Institut Català d'Oncologia, Badalona, Spain

⁶Department of Paediatrics, Obstetrics, Gynaecology, and Preventive Medicine. Universitat Autònoma de Barcelona, Barcelona, Spain

PO10/04

BORDERNETwork's IBBS among Sex Workers (SWs) in 7 EU countries: bridging research to practice while scaling up HIV/STI testing

Tzvetina Arsova Netzelmann¹, E Steffan¹, R Enke², J Kalikov³, A Karnite⁴, A Leffers⁵, B Kucharova⁶, R Dimitrova⁷, C Fierbinteanu⁸

¹SPI Forschung gGmbH, Berlin, Germany

²National Institute for Health Development, Tallinn, Estonia

³Aids Information and Support Centre, Tallinn, Estonia

⁴Latvia's Family Planning and Sexual Health Association, Riga, Latvia

⁵Aids Hilfe Potsdam, Potsdam, Germany

⁶C.A. Prima, Bratislava, Slovak Republic

⁷Health and Social Development Foundation, Sofia, Bulgaria

⁸Romanian Association Against AIDS, Bucharest, Romania

PO10/05

Results of peer-driven interventions for female sex workers in Ukraine

Oksana Matiyash¹, P Smyrnov¹, R Broadhead²

¹International HIV/AIDS Alliance-Ukraine, Kyiv, Ukraine

²University of Connecticut, USA

Parallel session posters: Testing Programmes and Strategies -Lessons Learned in Novel HIV Testing Strategies and Programmes

PS1/01

Routine HIV testing in the Emergency Department: tough lessons in sustainability

Michael Rayment¹, C Rae¹, S Finlay¹, M Atkins², P Roberts¹, A Sullivan¹

¹Chelsea and Westminster NHS Foundation Trust, London, UK

²Imperial College London, UK

PS1/02

Routine HIV Screening in 6 EDs in Paris area: the ANRS URDEP Study

E Casalino¹, S Firmin², A Delobelle², B Bernot³, C Choquet¹, G Der Sahakian⁴, J Zundel⁵, P Hausfater⁶, YE Claessens⁷, E Bouvet⁸, F Brun-Vezinet⁹, Dominique Costagliola^{2,10}
